

Metehan Özdeniz

Computer Engineer Student

About Me

Hi, I'm Metehan. I'm a computer engineer candidate, passionate about learning new skills and creating software to make the world a better place. I am a curious person and a fast learner, hard work doesn't scare me. My goal is to create things that make a difference. I love art and technology.

Work Experience

Akinsoft Software Engineering LLC. : Intern
September 2016 to June 2017 (10 months)

- I successfully completed my high school internship in this company.
